

INTELLIGENCE ADVISORY COMMITTEE

REVISED PROPOSAL TO STRENGTHEN
INTELLIGENCE ACTIVITIES

1. When IAC-D-73, 9 September 1953, ("Proposal to Strengthen Certain Intelligence Information Collection Activities") came before the IAC on 15 September, the longer-range considerations involved in the problem were postponed for later consideration (IAC-M-121, item 4).

2. Thereafter, a revision in Tab B to IAC-D-73, including modifications in the proposed amendments to NSCIDs 1 and 2 (set forth in paragraph 7 of Tab B to IAC-D-73), was developed by CIA. The DCI has suggested that this revision be submitted to the IAC for its consideration; accordingly, it is attached as Tab A.

3. The IAC will consider this problem at an early meeting.
